JOIN US!

MEMC19 embraces a true multinational collaboration of teaching and learning, based on the belief that every emergency care practitioner has knowledge and experience that will benefit all of us.

Our focus is to move away from a uni-centric practice model towards a model of best practices that embraces genuine cultural competency, diversity, and respect for the variety of resource availability that characterizes the true practice of emergency medicine on a global scale.

You may count on a diverse and stimulating curriculum which will prove to be impactful to both new and seasoned physicians, residents and medical students; as well as nurses, researchers and scientists, pharmacists, nutritionists, and anyone involved in the delivery of emergency care.

We invite you to explore all that this historic city, located on the Adriatic Sea, and its surrounding areas have to offer.

Abstract Submissions Now Open!
